NEW YORK, February 27, 2018 Sixty Six Oilfield Services, Inc. (OTCPink: SSOF) **announces today that it has identified acquisition targets for its new marketing media business.** Chief Executive Officer Dave Ho said, “The Company plans to make its first marketing company acquisition within 60 to 90 days. As a result of our diligent effort, we have identified a specific target business that will help launch this new segment. We are confident that the new marketing business diversification will generate clear shareholder value.”

The news on the energy side of the business continues to look bright. Executive Vice President Jim Frazier said, “Our oilfield business is expecting growth of 45% to 65% through normal increases in volume and marketing. The Company also projects two (2) potential oil rig sales that will generate estimated gross sales of \$11M to \$15M in the first half of this fiscal year which will increase our overall net gain when completed.”

### **Strong 2017 Year End Financial Results**

Chief Executive Officer, Dave Ho said: “2017 was a great year for Sixty Six Oil Field Services. The Company showed strong growth as the global oil market strengthened through the course of the year.
